

# PATIENT VOICES: MY KIDNEY TRANSPLANT EXPERIENCE

Scan the QR code on the back of this card with your smartphone or click on the speaker icons (🔊) below to hear each testimony.

# DID YOU KNOW?

Studies show that patients who have **successful kidney transplant live longer than patients treated with dialysis**. Patients also report **better quality of life** after transplant.\*

*\*Source: Tonelli, M. et al., (2011). Systematic review: Kidney transplantation compared with dialysis in clinically relevant outcomes. American Journal of Transplantation. 11:2093-2109. <https://doi.org/10.1111/j.1600-6143.2011.03686.x>*

**Is a Kidney Transplant Right for Me?** is a toolkit created by patients for patients considering transplant.
